

FOR  
INTERNATIONAL  
STUDENTS

CAREER DEVELOPMENT PROGRAM

# AIGI CAREER DEVELOPMENT CONSORTIUM FOR INTERNATIONAL STUDENTS 2026 GIFU REGION WORKSHOP

Participating  
international  
students will receive  
a QUO card !

This workshop is designed to support international students in their job-hunting journey and foster mutual understanding between leading companies in Gifu Prefecture and international talent, promoting employment matching. This workshop will help you deepen your understanding of Japanese companies through learning about real challenges corporate partners face. Join us for an open discussion about what it is like to work in Japan!

Date

13:30~16:30, Wednesday

**November 18, 2026**

Venue

Commons 1A and 1B  
General Education Building, Gifu University  
(1-1, Yanagido, Gifu City, Gifu, 501-1193, Japan)

Capacity

International students: approx. 30  
Business representatives: approx. 30

Language

Mainly Japanese (with some translation)

Target

International students from:

- Aigi Career Development Consortium universities
- C<sup>2</sup>-FRONTS universities  
(Collaboration and Co-creation Framework of National Universities and Colleges in Tokai and Shinshu)
- Gifu Regional Council for the Promotion of International Exchange universities

## Schedule

13:00~

Reception (Doors open at 12:45)

13:30 - 13:35 Opening Remarks

13:35~14:50

**[Part 1] Turning Anxiety into Opportunity: Overcoming Barriers to Hiring International Students through Dialogue**

Students and company representatives will discuss in small groups real challenges that participating companies face. By exchanging views from both perspectives, we will explore together how to create a society where foreign talent can thrive.

How can we make people want to work with us?

If international students have a chance for promotion too, I'd like to apply!

14:50 - 15:10 Break Time

15:10~16:30

**[Part 2] Individual Meeting between Companies and International Students**

International students will visit booths of interest with self-introduction materials.
