

Japanese Standard Speaking Test

Let's try Japanese speaking ability test (JSST) which can not be measured in Japanese language proficiency test such as JLPT!!

☞ Useful for job-hunting!

As you can measure conversational skills that you do not understand in the written test, you can use it for PR during job hunting!

☞ Conversation skills grow!

You will be able to improve your conversation skills by knowing the current level and following advice on the comment sheet.

☞ Only 15 minutes!

The exam is only 15 minutes by phone! You can take exams from anywhere in the world 24 hours a day.

☞ Free exam fee!

The exam is free.
※Up to the first 30 students.

About JSST (Japanese Standard Speaking Test)

This is a Japanese language proficiency test by telephone operated by ALC Co., Ltd. Specialist assessors will check and evaluate Japanese speaking skills in daily life and work in 10 levels. It is a valuable opportunity to gain an objective understanding of your current Japanese conversational ability and to obtain helpful advice on upgrading your level.

More information→<https://www.alc.co.jp/jsst/> ※ You can also view the sample.
